budget insurance

Why choose Budget Insurance?

One of SA's LOWEST insurance quotes

'Cos with Budget's cover options, you CAN budget, and it's easy peasy. Plus, when you take out cover with us, you get a whole bunch of benefits – just take a look! We're all about affordability - that's why we have cover for every pocket.

But it doesn't stop there!

If you switch your car insurance to us and insure multiple things, we'll pack on the discounts.

Drive a newer car if yours is written off with BetterCar. We'll either replace your car with, or pay you out for, a model that's one year newer if yours is written off in an accident. This value does not apply to theft and attempted theft claims.

And the benefits? Well, we have plenty of those, too – to help boost your cover:

- **Manage your policy online.** Check out this video – it'll explain everything. You can even chat to Bud the Bot on WhatsApp anytime.
- **Add our optional Cash Back Bonus** and you'll get money back in your pocket after only two claim-free years.
- **Get assistance on and off the road**. By now you can see that we give you more than just insurance with your policy. Whether you have Car, Building, or Home Contents insurance, you get access to our Assist services with the option to add Breakdown Assist wherever you are.
